

At the Library Part 2: Finding What I Need

At the library, people are reading and working quietly.

The library has rules. I can ask library staff if I am unsure about the rules.

I will try to be quiet when I talk at the library.

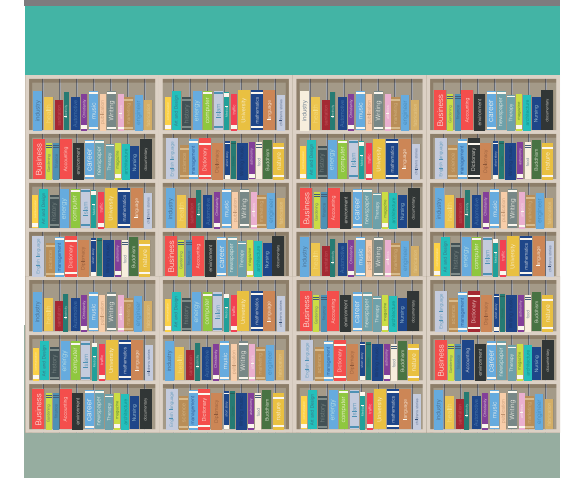

Sometimes I might not be allowed to do things that I want to do, such as borrow too many books or videos.

I can ask the librarian if I can use a quiet space if I need a break.

There are many books at the library. I may need help finding what I want.

At the Library Part 2: Finding What I Need

To find a book, I can type its name on the computer. The computer will tell us where to find the book.

Sometimes you can find books by author or subject.
