

# Phase Guidance: What Only Opens in Green

This resource provides guidance on the stores and businesses that will only open once the county is moved into the green phase.

## GREEN

These businesses are allowed to **open** only when a county moves into the Green Phase

- Personal care services like hair salons, barbershops, nail salons, and spas. These places also require appointments and may have extra rules in place around wearing masks and social distancing.
- Indoor recreation, and health/wellness facilities, such as gyms and spas may open. Some places may require appointments or have extra rules in place around masks and social distancing.
- Entertainment businesses like casinos, theaters, and shopping malls. There may be new rules in place around masks and social distancing.
- These businesses will still need to limit the number of customers they allow in at a time.
- Businesses will also be required to follow CDC safety guidelines around wearing masks, social distancing and special cleaning procedures.

\*Guidelines from the Department of Health change often. For the most up to date information, visit [PA.gov](http://PA.gov). You can also check with individual businesses.
