10 Tips for Staying Organized in College

Going from high school to college is a big change. Learning how to stay organized with your schedule and courses is a big part in whether or not you'll be successful. This resource provides 10 tips for helping you stay organized.

1

Get prepared early. Find out what each class will need, if possible.

2

Buy separate supplies for each class. This should include binders and paper or notebooks, folders, pens, pencils, highlighters, white out, and paper clips.

3

Get a planner and make sure that you use it!

4

Keep each class' homework and handouts in the right place and don't let yourself get messy.

5

Keep your backpack or bag clean and uncluttered.

6

Create a study space at home or in your dorm.

7

Develop good sleep and eating habits to keep yourself energized.

8

Ask teachers for support if you feel that you fall off track.

9

Work with a classmate to help keep each other on track.

10

Seek out academic support or accommodations if needed.
