

GOING TO THE DENTIST

It's important to go to the dentist to help keep my teeth and mouth healthy.

I need to have my teeth cleaned to remove the bacteria and germs.

I need to go to the dentist for a cleaning every six months.

When I get to the dentist's office, I will check in at the front desk.

Then I will wait in the waiting room.

I can read books, play games, or watch tv while I wait for the dentist.
