

# ATTENDING A RELIGIOUS EVENT

Sometimes I might go to a church, temple, or mosque. These are different names for a "place of worship."

When I go to a place of worship, I should try to look my best. I can ask someone to help me pick out a nice outfit to wear.

When I get to a place of worship, people may want to say "hi" to me. I can smile and say "hi" back to them.

There are many different events that happen in a place of worship.

I can ask someone for help if I want to know what will happen during the event I am at.

Sometimes people will stand and sometimes they will sit.

# ATTENDING A RELIGIOUS EVENT

Sometimes people will sing, talk, and/or they will stay quiet.

I can follow along with what other people are doing.

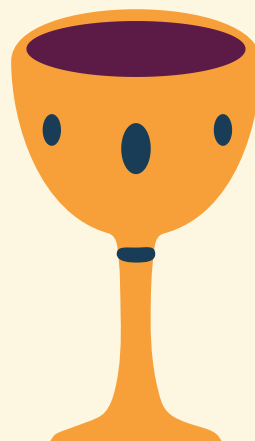

Sometimes people will put money in a bowl or a basket. This is money they are giving to the place of worship.

I can choose to give money to the place of worship or not. I should not touch other people's money.

Sometimes people may eat or drink things that are special in a place of worship.

I should ask for help if I want to eat or drink things too.
