#PATCINTEGRATE2021

OCTOBER 5 - OCTOBER 7, 2021

CALL FOR ARTISTS

On behalf of the Office of Developmental Programs, we are pleased to invite artists on the autism spectrum to exhibit their artwork virtually during the **14th Annual Pennsylvania Autism Training Conference (PATC 2021)**

In previous years, prior to the pandemic, we were able to offer exhibiting artists a table in the exhibitor area to display and sell their artwork.

This year's PATC is being held virtually, but we would like to offer artists on the autism spectrum an opportunity to showcase their fine art and crafts (for example, paintings and drawings, photography, jewelry, greeting cards, pottery, fabric crafts, etc.) on a virtual "art gallery" which will be linked to the conference materials on MyODP.

The art show will consist of images of artwork supplied by the artists, as well as links to their website or email address for further information for viewers who are interested in purchasing works that are for sale.

If you're interested in exhibiting your work please complete this application: https://drexel.qualtrics.com/jfe/form/SV_cH2W2ofxfLqGBwi

If you have any questions, please contact: info@paautism.org.
