A Core Program of

Empowerment through
education, support and advocacy

Sexuality LIVE WEBINAR

During this training we will talk about relationships; what they are and what they look like. We will define sex and intimacy as well as discuss the difference between sex and sexual health. We will increase your knowledge of unhealthy relationships and what to do if you find yourself in one.

After this training attendees will increase their understanding of relationships along with resources to provide further information related to sexuality and intellectual disabilities.

Karen Boyce, RN, CDDN
